3.10.1-23 CONTRACTING OFFICER'S REPRESENTATIVE-CONSTRUCTION CONTRACTS (APR 2012)

(a) The Contracting Officer may appoint other Government personnel to accomplish certain contract administration matters. While there shall be various titles and divisions of duties for these individuals, generically they are known as Contracting Officer's Representatives (CORs). The Contracting Officer will provide written notice of COR appointment(s), setting forth the authorities and limitations, to the Contractor within 1 calendar days prior to the notice to proceed. COR duties may include, but are not limited to:

(1) Perform as the authorized representative of the Contracting Officer for technical matters, including interpretation of specifications and drawings, and inspection and review of work performed.

(2) Perform as the authorized representative of the Contracting Officer for administrative matters, including reviewing payments, and updated delivery schedules.

(b) These representatives are authorized to act for the Contracting Officer in all specifically delegated matters pertaining to the contract, except:

(1) contract modifications that change the contract price or cost, technical requirements or time for performance, unless delegated field change order authority;

(2) suspension or termination of the Contractor's right to proceed, either for default or for convenience;

(3) final decisions on any matters subject to appeal, e.g., disputes under the "Contract Disputes" clause; and

(4) final acceptance under the contract.

(End of clause)

SA14 AUTHORITY OF THE GOVERNMENT

No one other than the Contracting Officer has the authority to authorize or make changes in the terms, conditions, change the scope of work or specifications in the contract, make any commitments or otherwise obligate the Government, or authorize any changes which affect the contract price, delivery schedule, period of performance, or other terms and conditions of the contract.

SA36 CORRESPONDENCE

The contracting officer prefers to receive written communication and documents electronically via email at erin.m.crabtree@faa.gov. All email correspondence to the FAA must state the contract number in the 'Subject' field. Electronic documents must be accompanied by an explanatory email and should be sent in a portable-document-format type file (file extension pdf), such as Adobe Acrobat. Vendors are required to ensure that the quality of the administrative content in electronic files represents a reasonably high business standard. The Government is not responsible for the administrative ordering or legibility of correspondence received electronically. Emailed

files/documents may not be in a zipped format. If electronic file sizes (i.e., typically expressed as kilobytes or megabytes) are too large for email attachments, recommend delivery in compact disk (CD) format submitted via hard-copy mail. Any CD mailing or printed-paper, hard-copy correspondence will be sent to the contracting officer at the following address.

Section H - Special Contract Requirements

Clause List

3.1.9-1 ELECTRONIC COMMERCE AND SIGNATURE (JUL 2020)

(a) The Electronic Signatures in Global and National Commerce Act (E-SIGN) establishes a legal equivalence between:

- (1) Contracts written on paper and contracts in electronic form;
- (2) Pen-and-ink signatures and electronic signatures; and
- (3) Other legally-required written records and the same information in electronic form.

(b) With the submission of an offer, the offeror acknowledges and accepts the utilization of electronic commerce as part of the requirements of this solicitation and the resultant contract.

(c) Certain documents may need to be provided or maintained in original form, such as large-scale drawings impractical to convert to electronic format or a document with a raised seal signifying authenticity. This clause does not change or affect any other requirements that a document must be in paper format to satisfy legal requirements such as for certain real estate transactions.

(d) The use of electronic signature technology is authorized under this solicitation and the resulting contract.

(e) Contractors must not digitally sign any documents with software that uses the Secure Hash Algorithm 1 (SHA-1). All digitally signed documents and contracts sent to the FAA must use a SHA-256 or higher hash algorithm. This is based on the National Institute of Standards and Technology (NIST) Policy Statement on Hash Functions dated August 5, 2015. Further guidance on the use of SHA-256 is in NIST Special Publication (SP) 800-57 Part 1, section 5.6.2 as amended and SP 800-131A, Revision 1 dated November 6, 2015. Additional guidance on the use of SHA-3 is in NIST SP 800-185 as amended.

(f) Contractors do not have to update documents previously digitally signed using SHA-1 hash algorithms unless the document requires updating. The FAA and contractors may continue to use SHA-1 for the following applications: Verifying old digital signatures and time stamps, generating and verifying hash-based message authentication codes (HMACs), key derivation functions (KDFs), and random bit/number generation.

(End of clause)

3.3.1-33 SYSTEM FOR AWARD MANAGEMENT (JUL 2018)

(a) Definitions. As used in this clause

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the SAM database" means that the Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the SAM database.

"System for Award Management (SAM) Database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror must enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://fedgov.dnb.com/webform>; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if different from physical street address).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are designated as a SDVOSB by the Department of Veterans Affairs, and this designation appears as such on the Veteran Affairs website, <https://www.vip.vetbiz.gov>.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance, the Contractor must provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) change the name in the SAM database;
(B) comply with the requirements of AMS regarding novation and change-of-name agreements; and
(C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor must not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees must be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.sam.gov>.

(End of Clause)

3.6.2-14 EMPLOYMENT REPORTS ON VETERANS (JAN 2020)

(a) Unless the contractor is a State or local government agency, the contractor must report at least annually, as required by the Secretary of Labor, on:

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are disabled veterans, other protected veterans, Armed Forces service medal veterans, and recently separated veterans,

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of disabled veterans, other protected veterans, Armed Forces service medal veterans, and recently separated veterans; and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(b) The above items must be reported by completing the VETS-4212 "Federal Contractor Veterans' Employment Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at <http://www.dol.gov/vets/vets4212.htm>).

(c) The VETS-4212 Report must be submitted no later than September 30 of each year.

(d) The employment activity report required by paragraph (a)(2) of this clause must reflect total hires during the most recent 12-month period as of the ending date selected for the employment profile report required by paragraph (a)(1) of this clause. Contractors may select an ending date: (1) As of the end of any pay period during the period January through March 1st of the year the report is due, or (2) as of December 31, if the contractor has previous written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(e) The count of veterans reported according to paragraph (a) of this clause must be based on data known to the contractor when completing the VETS-4212. The Contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve the employer of liability for a determination under 38 U.S.C. 4212.

(f) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order of \$150,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

3.6.2-24 AFFIRMATIVE ACTION COMPLIANCE REQUIREMENTS FOR CONSTRUCTION (JAN 2019)

(a) Definitions.

(1) "Employer identification number," as used in this clause, means the last four digits of the Federal Social Security number used on the employer's quarterly federal tax return, U.S. Treasury Department Form 941.

(2) "Minority," as used in this clause, means

(i) Black (all persons having origins in any of the black African racial groups not of Hispanic origin);

(ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race);

(iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

(iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(b) If the Contractor, or a subcontractor at any tier, subcontracts a portion of the work involving any construction trade, each such subcontract in excess of \$10,000 must include this clause, including the goals for minority and female participation stated herein.

(c) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate work force in each trade on all construction work in the covered area, are as follows:

Goals for minority participation: 17.3%

Goals for female participation: 6.9%

(Contracting Officer insert goals)

Compliance with the goals will be measured against the total work hours performed.

(d) The Contractor must provide written notification to the Office of Federal Contract Compliance Programs (OFCCP) area office within 10 working days following award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this screening information request. The notification must list the:

- (1) Name, address, and telephone number of the subcontractor,
- (2) Employer identification number of the subcontractor;
- (3) Estimated dollar amount of the subcontract;
- (4) Estimated starting and completion dates of the subcontract; and
- (5) Geographical area in which the subcontract is to be performed.

(e) The Contractor must implement the affirmative action procedures in subparagraphs (f)(1) through (7) of this clause. The goals stated in this contract are expressed as percentages of the total hours of employment and training of minority and female utilization that the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. If the contractor performs construction work in a geographical area located outside of the covered area, it must apply the goals established for the geographical area where that work is actually performed. The Contractor is expected to make substantially uniform progress toward its goals in each craft.

(f) The contractor must take affirmative action steps at least as extensive as the following:

- (1) Ensure a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities where the Contractor's employees are assigned to work. The Contractor, if possible, will assign two or more women to each construction project. The Contractor must ensure foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at these sites or facilities.
- (2) Immediately notify the OFCCP area office when the union or unions, with which the Contractor has a collective bargaining agreement, has not referred back to the Contractor a minority or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
- (3) Develop on-the-job training opportunities and/or participate in training programs for the area that expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor must provide notice of these programs to the sources compiled under subparagraph (f)(2) above.
- (4) Review, at least annually, the Contractor's equal employment policy and affirmative action obligations with all employees having responsibility for hiring, assignment, layoff, termination, or other employment decisions. Conduct reviews of this policy with all on-site supervision, personnel prior to initiation of construction work at a job site. A written record must be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
- (5) Disseminate the Contractor's equal employment policy externally by including it in any advertising in the news media, specifically including minority and female news media. Provide written notification to, and discuss this policy with, other Contractors and subcontractors with which the Contractor does or anticipates doing business.
- (6) Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities. Encourage these employees to seek or to prepare for, through appropriate training, etc., opportunities for promotion.
- (7) Maintain a record of solicitations for subcontracts for minority and female construction contractors and suppliers, including circulation of solicitations to minority and -female contractor associations and other business associations.

(g) The Contractor is encouraged to participate in voluntary associations that may assist in fulfilling one or more of the affirmative action obligations contained in subparagraphs (f)(1) through (7). The efforts of a contractor association, joint contractor-union, contractor-community, or similar group of which the contractor is a member and participant, may be useful in achieving one or more of its obligations under subparagraphs (f)(1) through (7).

(h) A single goal for minorities and a separate single goal for women must be established. The Contractor is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of Executive Order 11246, as amended, if a particular group is employed in a substantially disparate manner.

(i) The contractor must not use goals or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

(j) The Contractor must not enter into any subcontract with any person or firm debarred from Government contracts under Executive Order 11246, as amended.

(k) The Contractor must carry out such sanctions and penalties for violation of this clause and of the Nondiscrimination and Affirmative Action clause, including suspension, termination, and cancellation of existing subcontracts, as may be imposed or ordered under Executive Order 11246, as amended, and its implementing regulations, by the OFCCP. Any failure to carry out these sanctions and penalties as ordered must be a violation of this clause and Executive Order 11246, as amended.

(l) Nothing contained herein must not be construed as a limitation upon the application of other laws that establish different standards of compliance.

(End of clause)

3.6.2-41 EMPLOYMENT ELIGIBILITY VERIFICATION (OCT 2019)

(a) Definitions:

"Employee assigned to the contract" means an employee who was hired after November 6, 1986, who is directly performing work, in the United States, under a contract that is required to include the Employment Eligibility Verification clause. An employee is not considered to be directly performing work under a contract if the employee-

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

"United States", as defined in 8 U.S.C. 1101(a)(38), except as otherwise specifically provided (in this statute) means the 50 States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in Department of Homeland Security's Employment Eligibility Verification system ("E-Verify") at time of contract award, the Contractor must--

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use E-Verify to initiate verification of employment eligibility of--

(i) All new employees.

(A) Enrolled 90 calendar days or more.

The Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 calendar days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986, rather than just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working in the United States who was hired after November 6, 1986, within 180 calendar days of--

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official by the terminating agency.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is suspended or debarred as a result of the MOU termination, the contractor is not eligible to participate in E-Verify during the period of its suspension or debarment. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee--

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor must include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that is for Noncommercial services or construction with a value greater than \$3,000 and includes work that is performed inside of the United States.

(End of Clause)

3.6.3-3 HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (OCT 2016)

(a) Hazardous material, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material (If none, insert None): _____
Identification No.: _____

(c) The apparently successful offeror, by acceptance of the contract, certifies that the list in paragraph (b) of this clause is complete. This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered non-responsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause or the certification submitted under paragraph (c) of this clause, the Contractor shall promptly notify the Contracting Officer (CO) and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to:

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material;

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(i) Except as provided in paragraph (i)(2) the Contractor shall prepare and submit a sufficient number of Safety Data Sheets, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the Safety Data Sheets with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit Safety Data Sheets to consignees in advance of receipt of shipments by consignees, if authorized in writing by the CO.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the Safety Data Sheets in or on each shipping container. If affixed to the outside of each container, the Safety Data Sheets must be placed in a weather resistant envelope.

(End of clause)

3.6.3-5 ESTIMATE OF PERCENTAGE OF RECYCLED CONTENT FOR DESIGNATED ITEMS TO BE USED IN THE PERFORMANCE OF THE CONTRACT (JUL 2017)

(a) Definitions. As used in this clause:

(1) "Post-consumer material" means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post consumer material is a part of the broader category of "recycled content."

(2) "Recycled content" means waste materials and by-products which have been recovered or diverted from solid waste including post-consumer material, but such term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract must:

(1) Estimate the percentage of the total recycled content for EPA-designated item(s) delivered and/or used in contract performance including, if applicable, the percentage of post-consumer recycled content; and

(2) Submit this estimate to Contracting Officer.

(End of clause)

3.6.3-12 ASBESTOS - FREE CONSTRUCTION (APR 2017)

(a) In performing this contract, the Contractor must not use asbestos or asbestos-containing building materials during construction, renovation, and/or modernization of this facility.

(b) The Contractor must provide to the Contracting Officer (CO) a signed statement within 10 days of performance completion indicating that no asbestos or asbestos-containing building materials were used during construction, renovation, and/or modernization of this facility. The Contractor's certification under this clause is considered to be a material requirement of the contract and the FAA may withhold payment pending submittal and receipt of an acceptable certification.

(c) The FAA retains the right to conduct sampling of contractor building materials used during construction, renovation, and/or modernization of this facility to verify that they are asbestos-free. If asbestos-containing material is found, the Contractor must bear the expense of the sampling conducted by the FAA, remove and replace the asbestos-containing material and decontaminate the site of asbestos contamination caused by the Contractor at no additional cost to the Government. In addition, the Contractor must bear the expense of all testing (bulk sampling and air sampling conducted by the contractor and the FAA) to determine that the asbestos removal and site decontamination are satisfactorily completed. The Contractor must follow all applicable federal, state, and local asbestos regulatory requirements as well as applicable FAA Orders with respect to asbestos abatement when the Contractor is required to remove asbestos materials they have installed.

(End of clause)

3.6.3-22 CONSTRUCTION WASTE MANAGEMENT (JAN 2020)

(a) In performance of this contract, the Contractor must establish a program to minimize waste generation, as well as recycle, reuse, and salvage construction and demolition (C&D) debris generated to the maximum extent possible. Before commencing work, the Contractor must submit a Waste Management Plan to the Contracting Officer within 15 days after contract award prior to the start of construction activities. This plan must address the following:

(1) General: Provide an overall strategy for managing C&D debris associated with the project.

(2) Waste Identification: Indicate anticipated types and quantities by weight of demolition, site-clearing and construction waste generated by the Project. Include estimated quantities by weight and assumptions for estimates. A site assessment may be necessary to estimate the types of materials that will be generated during construction and/or demolition. If a site visit is needed, the Contractor must notify the FAA of this as soon as possible, with the FAA arranging in turn for the contractor site visit to take place as soon as possible.

(3) Waste Reduction Work Plan: List each type of waste and whether it will be salvaged, recycled, or disposed of in landfill or incinerator. Include points of waste generation, estimated total weight of each type of waste, final disposition for each waste type, and handling and transportation procedures.

(4) Salvaged Materials: For each type of material that is salvaged or recycled, describe the type of material, source, estimated quantity, and receiving entity. Include names, addresses, and telephone numbers for the receiving individuals and/or organizations.

(5) Disposed Materials: Indicate how and where materials will be disposed of. Include name, address, and telephone number of each landfill and incinerator facility.

(6) Handling and Transportation Procedures: Include method that will be used for separating recyclable waste including sizes of containers, container labeling, and designated location on Project site where materials separation will be located.

(b) This plan must be found acceptable by the FAA Contracting Officer's Representative (COR) or the COR's designated representative prior to the Contractor receiving a Notice-to-Proceed. The plan's acceptability will be promptly determined by the FAA based on the knowledge of the site(s) covered under the Plan. The Contractor must implement the approved Waste Management Plan during the term of the contract.

(c) The Contractor must document all C&D disposal and diversion efforts and submit a Construction and Demolition Debris Diversion Report to the CO and COR monthly. A copy of the report must also be submitted to the EOSH Services construction waste management address at 9-AJW-ConstructionWaste@faa.gov.

The monthly Construction and Demolition Debris Diversion Report must contain the following information:

- (1) FAA facility name and address, report date and reporting period, contract number, and project name;
- (2) Pick up date;
- (3) Waste material type;
- (4) Disposed C&D waste weight in short tons less container weight, method of waste material disposal, and reason why waste was not diverted;
- (5) Recycled waste weight in short tons less container weight;
- (6) Composted waste (off-site) weight in short tons less container weight;
- (7) Reused materials weight in short tons less container weight; and
- (8) Total weight of C&D waste (i.e., sum of disposed, recycled, composted, and reused waste) in short tons less container weight.

The Contractor must ensure that facilities used for recycling, reuse, and disposal are authorized for the intended use to the required extent by federal, state, and local regulations.

(d) If the value of this contract when awarded is less than \$150,000, this clause does not take effect in this contract.

(End of Clause)

3.6.4-3 BUY AMERICAN ACT - CONSTRUCTION MATERIALS (APR 2021)

(a) The Buy American Act (41 U.S.C. §§ 8301-8305) and Executive Order No. 10582, dated December 17, 1954, as amended, provide that the Government give preference to domestic construction material. The restrictions of the Buy American Act do not apply when FAA determines use of a particular domestic construction material: (i) would unreasonably increase the cost (the cost of particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent, unless the agency head determines a higher percentage would be appropriate); (ii) would be impracticable; or (iii) is not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality. This restriction also does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

None

(b) Definitions:

(1) "Components," as used in this clause, means those articles, materials, and supplies incorporated directly into construction materials.

(2) "Construction material," as used in this clause, means an article, material, or supply brought to the construction site for incorporation into the building or work. Construction material also includes an item brought to the site pre-assembled from articles, materials or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, which are discrete systems incorporated into a public building or work and which are produced as a complete system, will be evaluated as a single and distinct construction material regardless of when or how the individual parts or components of such systems are delivered to the construction site.

(3) "Domestic construction material," as used in this clause, means (i) an unmanufactured construction material mined or produced in the United States, or (ii) a construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 55 percent of the cost of all its components. Components of foreign origin of the same class or kind as the construction materials determined to be unavailable will be treated as domestic.

(c) The Contractor agrees that only domestic construction material must be used by the Contractor, subcontractors, material men, and suppliers in the performance of this contract, except for foreign construction materials, if any, listed in this contract.

(d) Request for determination of inapplicability of the Buy American Act:

(1) Any Contractor request to use foreign construction material in accordance with paragraph(a) of this clause must include adequate information for Government evaluation of the request, including:

(i) A description of the foreign and domestic construction materials;

(ii) Unit of measure;

(iii) Quantity;

(iv) Price;

(v) Time of delivery or availability;

(vi) Location of the construction project;

(vii) Name and address of the proposed supplier; and

(viii) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (a) of this clause.

A request based on unreasonable cost must include a reasonable survey of the market and a completed price comparison table in the format of paragraph (4) below.

The price of construction material must include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

Any Contractor request for a determination submitted after contract award must explain why the Contractor could not reasonably have foreseen the need for such a determination and could not have requested the determination before contract award. If the Contractor does not provide a satisfactory explanation, the Contracting Officer need not make a favorable determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act

(4) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor must include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC MATERIAL PRICE COMPARISON

Construction Material Unit of Measure Quantity Price(\$)*

Item 1			
Foreign Construction Material	[]	[]	[]
Domestic Construction Material	[]	[]	[]
Item 2			
Foreign Construction Material	[]	[]	[]

--------------------------------	-----	-----	-----

(List name, address, phone number, and contact for supplier surveyed. Attach copy of response, if oral, attach summary)

*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

(End of clause)

3.10.1-19 MODIFICATION COST PROPOSAL - PRICE BREAKDOWN (CONSTRUCTION) (JUL 1996)

(a) The contractor, in connection with any proposal it makes for a contract modification, shall furnish a price breakdown, itemized as required by the Contracting Officer. The breakdown shall be in enough detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and shall cover all work involved in the modification, whether such work was deleted, added or changed. Any amount claimed for subcontracts shall be supported by similar price breakdowns from those subcontractors.

(b) In addition, if the proposal includes a time extension, a justification thereof shall also be furnished. Notwithstanding any other provisions of this contract, it is mutually understood that the time extension for changes in the work will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of work. The contract completion dates will be extended only for those specific elements so delayed and the remaining contract completion dates for all other portions of the work will not be altered.

(c) The proposal, together with the price breakdown and time extension justification, shall be furnished by the date specified by the Contracting Officer.

(End of clause)

3.10.2-1 SUBCONTRACTS (FIXED-PRICE CONTRACTS) (JAN 2019)

(a) Consent to subcontract in this clause applies to subcontracts resulting from unpriced modifications to this contract if required as indicated under (b) or (c) below.

(b) Subcontract, as used in this clause, includes but is not limited to purchase orders, and changes and modifications to purchase orders. The Contractor must notify the Contracting Officer reasonably in advance of entering into any subcontract if the Contractor does not have an approved purchasing system and if the subcontract:

(1) Is proposed to exceed \$150,000; or

(2) Is one of a number of subcontracts with a single subcontractor, under this contract, for the same or related supplies or services, that in the aggregate are expected to exceed \$150,000.

(c) If the contractor has an approved purchasing system, the contractor nevertheless must obtain the Contracting Officer's written consent before placing the following subcontracts:

[Fillin subcontract]

[Fillin subcontract]

[Fillin subcontract]

(d) The advance notification required by paragraphs (b) and (c) above must include-

(1) A description of the supplies or services to be subcontracted;

(2) Identification of the type of subcontract to be used;

(3) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the competition obtained;

(4) The proposed subcontract price and the Contractor's cost or price analysis;

(5) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions;

(6) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract; and

(7) A negotiation memorandum reflecting-

(i) The principal elements of the subcontract price negotiations;

(ii) The most significant considerations controlling establishment of initial or revised prices;

(iii) The reason cost or pricing data were or were not required;

(iv) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(v) The extent, if any, to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and subcontractor; and the effect of any such defective data on the total price negotiated;

(vi) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(vii) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation must identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(e) The Contractor must obtain the Contracting Officer's written consent before placing any subcontract for which advance notification is required under paragraph (b) above. However, the Contracting Officer may ratify in writing any such subcontract. Ratification will constitute the consent of the Contracting Officer.

(f) Even if the Contractor's purchasing system has been approved, the Contractor must obtain the Contracting Officer's written consent before placing subcontracts identified below:

(g) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system will constitute a determination:

(1) of the acceptability of any subcontract terms or conditions,

(2) of the acceptability of any subcontract price or of any amount paid under any subcontract, or

(3) to relieve the Contractor of any responsibility for performing this contract.

(h) No subcontract placed under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis.

(i) The Government reserves the right to review the Contractor's purchasing system.

(End of clause)

3.13-1 APPROVAL OF CONTRACT (OCT 2001)

This contract is subject to the written approval of Contracting Officer and shall not be binding until so approved.

(End of clause)

3.13-16 RECORDS MANAGEMENT (JAN 2020)

(a) *Definitions.*

Federal record as defined in 44 U.S.C. § 3301, means all recorded information, regardless of form or characteristics, made or received by a Federal agency under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by that agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the United States Government or because of the informational value of data in them. The term Federal record:

- (1) Includes all FAA records.
- (2) Does not include personal materials.
- (3) Applies to records created, received, or maintained by Contractors pursuant to a FAA contract.
- (4) May include deliverables and documentation associated with deliverables.

(b) *Requirements.*

(1) *Compliance.* The contractor must comply with all applicable records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including but not limited to the Federal Records Act (44 U.S.C. chapters 21, 29, 31, 33), NARA regulations at 36 CFR Chapter XII Subchapter B, and those policies associated with the safeguarding of records covered by Privacy Act of 1974 (5 U.S.C. 552a), to the extent that the Privacy Act applies to any records maintained by the Contractor. These policies include the preservation of all Federal records, regardless of form or characteristics, mode of transmission, or state of completion.

(2) *Applicability.* All data created for Government use and delivered to, or falling under, the legal control of the Government, are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33. Such Federal records must be managed and scheduled for disposition only as permitted by the Federal Records Act, relevant statute or regulation, and FAA Order 1350.14 "Records Management" at https://www.faa.gov/documentLibrary/media/Order/FAA_1350.14B.pdf.

(3) *Records maintenance.* While in Contractor's custody, the Contractor is responsible for preventing the alienation or unauthorized destruction of FAA records, including all forms of mutilation. Records may not be removed from the legal custody of FAA or destroyed except in accordance with the provisions of the agency records schedules and with the written concurrence of the FAA Agency Records Officer (ARO) (or the ARO's designate) and Contracting Officer, as appropriate. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701. In the event of any unlawful or accidental removal, defacing, alteration, or destruction of records, the Contractor must report the event to the Contracting Officer in accordance with 36 CFR 1230, Unlawful or Accidental Removal, Defacing, Alteration, or Destruction of Records, for reporting to NARA by FAA Records Management. Electronic records and associated metadata must be accompanied by sufficient technical documentation to permit understanding and use of the records and data.

(4) *Unauthorized disclosure.* The Contractor must notify the Contracting Officer within 2 (two) hours of discovery of any inadvertent or unauthorized disclosures of information, data, documentary materials, records or equipment. Disclosure of non-public information is limited to authorized personnel with a need-to-know as described in the contract. The Contractor must ensure that the appropriate personnel, administrative, technical, and physical safeguards are established to ensure the security and confidentiality of this information, data, documentary material, records and/or equipment is properly protected. The Contractor must not remove material from Government facilities or systems, or facilities or systems operated or maintained on the Government's behalf, without the express written permission of the FAA ARO (or the ARO's designate) and the Contracting Officer. Destruction of records is expressly prohibited unless in accordance with the contract.

(c) *Records management contracts* - where the contractor is required to design, develop, and/or operate a system of records, the following additional requirements apply:

During the contract, the FAA ARO (or ARO's designate) has the right to inspect where the records are stored (digitally or paper records) in order to ensure they are properly protected from the elements and/or loss. This inspection must be coordinated through the Contracting Officer or the Contracting Officer's Representative. The contractor must be provided 30 calendar days' notice of such inspections. This clause may be tailored to provide for a different notice period. Additional details regarding such inspections consistent with this clause may be specified in the Statement of Work.

For contracts where the contractor is responsible for managing FAA records, when the records are no longer required or at the completion of the contract, the records must be returned to FAA control. Items returned to the FAA must be hand carried, mailed, or securely electronically transmitted to the Contracting Officer or address indicated in the contract.

(d) *Non-public information.* The Contractor must not create or maintain any records containing any non-public FAA information that are not specifically tied to or authorized by the contract.

(e) *Ownership.* Consistent with all applicable data rights clauses in this contract, the FAA is the sole owner of the rights to all data and records produced as part of this contract. All deliverables under the contract are the property of the U.S. Government for which FAA will have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any Contractor rights in the data or deliverables must be identified as required by applicable data rights clauses in this contract.

(f) *Notification of third party access requests.* The Contractor must notify the Contracting Officer promptly of any requests from a third party for access to Federal records, including any warrants, seizures, or subpoenas it receives, including those from another Federal, State, or local agency. The Contractor must cooperate with the Contracting Officer to take all measures to protect Federal records, from any unauthorized disclosure.

(g) *Training.* All Contractor employees assigned to this contract who create, work with, or otherwise handle records are required to take FAA-provided records management training upon starting under the contract and annually thereafter as per the FAA Electronic Learning Management System (eLMS). If the contractor does not have access to eLMS, the contractor is to contact the Contracting Officer or Contracting Officer's Representative (COR) who will advise the ARO who will in turn make arrangements to ensure the contractor has access. The Contractor is responsible for confirming to the Contracting Officer in an annual report due by September 30 of each year under the contract that training, including initial training and annual refresher training, has been completed in accordance with agency policies. This annual report must list the employee names and dates of initial or annual refresher training.

(h) *Agency Records Officer (ARO)* - regarding clause provisions above that cite the ARO or designate, information as to the name of the ARO or the ARO designate for particular locations outside FAA Headquarters may be obtained from the FAA Records and Information Management Team (RIM) at 9-faa-records-management-program@faa.gov.

(i) *Subcontractor flowdown requirements.* The Contractor must incorporate the substance of this clause, its terms and requirements including this paragraph (i), in all subcontracts under this contract.

3.14-2 CONTRACTOR PERSONNEL SUITABILITY REQUIREMENTS (APR 2021)

1. No contractor employee, subcontractor, or consultant will be allowed

unescorted access to any FAA facility;
access to FAA classified information;
access to FAA *Sensitive Unclassified Information (SUI); or
access to FAA systems or resources

unless they have been authorized by the FAA Office of Personnel Security (AXP).

*SUI is defined as unclassified information, in any form including print, electronic, visual, or aural forms, which is protected from uncontrolled release to persons outside the FAA and indiscriminate dissemination within the FAA. It

includes aviation security, homeland security, and protected critical infrastructure information. SUI may include information that may qualify for withholding from the public under the Freedom of Information Act (FOIA).

2. Consistent with FAA Order 1600.72A, AXP must approve designated risk levels for the positions under the contract, to be determined by the FAA Operating Office (the organization with the requirement) in coordination with the COR, using the OPM Position Designation Automated Tool (PD Tool).

3. For all contractor employees, subcontractors, or consultants requiring access to FAA facilities, classified information, sensitive unclassified information, systems, or resources, the prime contractor must submit to their responsible AXP office and CO/COR, a point of contact (POC) who will be responsible for entering all contractor applicant data, to include subcontractor data, into the Vendor Applicant Process (VAP) system (vap.faa.gov) for security processing. The contractor must not enter contractor employees in VAP unless they have a legitimate need for access to FAA facilities, classified information, sensitive unclassified information and/or systems according to the terms of the contract. Contractor employees who will not require the aforementioned types of access or who would be under escort of other badged personnel are not be entered in VAP.

4. If an applicant has had a previous US Government conducted background investigation, which meets the investigative requirements for the position and meets established reciprocity guidelines, it will be accepted by the FAA. The FAA reserves the right to conduct further investigations, including requesting additional information from the applicant, if necessary.

5. If no previous investigation exists, or if the previous investigation does not meet investigative requirements for the position, AXP will:

a. Send the applicant an e-mail (this step may be delegated to VAP POC) with instructions for completing investigative requirements.;

b. Instruct the applicant how to enter and complete a background investigation questionnaire through the electronic Questionnaires for Investigation Processing (eQIP) system;

c. Provide where to upload, or send/fax applicable forms; and

d. Provide instructions regarding fingerprinting. (any fees associated with obtaining fingerprints are not the responsibility of the FAA)

The contractor employee must complete the investigative requirements and submit required material within 15-calendar days of receiving the e-mail from AXP. If items are be submitted outside of the eQIP system, the contractor must submit the required information, referencing the contract number, to the AXP POC noted in the instruction email.

6. No contract employee, subcontractor, or consultant, identified as requiring a background investigation under the contract will work in any position unless AXP has authorized them to begin work. Authorization will be in the form of an Interim or Final Suitability email notification from AXP to the VAP POC and CO.

7. No contract employees, subcontractor, or consultant will be issued a FAA Personal Identity Verification (PIV) card, or other FAA issued ID card, unless they have been granted an Interim or Final suitability from AXP.

8. The Contractor VAP POC must inform the CO/COR and submit a VAP removal record in VAP within twenty-four (24) hours after any contractor employee resigns, is terminated, transferred, or otherwise removed from the contract. If the FAA issued the contract employee a PIV card, or other ID card, the contractor must collect the card within twenty-four hours, and return it to AXP no later than five business-days of the employee's termination or transfer.

9. The CO will provide notice to the contractor within 24-hours after receipt of a determination that the contractor or its employee has not complied with security related contract requirements, security-related FAA Orders, or if a contractor employee's conduct is objectionable or contrary to the public interest, or inconsistent with the best interest of national security. The notice will instruct the contractor to remove its employee's access to FAA premises or networks, or otherwise remedy the contractor's performance.

10. The contractor must immediately comply with the CO's direction to remedy its security performance at the contractor's expense, including removing the employee from FAA premises and networks. If the contractor employee is working under an interim suitability authorization, the contractor must take appropriate action, including the removal of the contractor employee from working on the FAA contract, at their own expense. Once action has been taken, the contractor must report the action via the VAP within the timeframe prescribed in paragraph 8 of this clause.

11. After coordination with AXP, the CO may require contractor employees to submit any other security information deemed reasonably necessary to protect the interests of the FAA. This includes submitting to additional fingerprinting, responding to letters of inquiry, and background reinvestigations required under Federal Investigative Standards. In this event, the contractor must provide, or cause each of its employees to provide, such security information to AXP. Failure to cooperate with security processing will result in an unfavorable suitability determination.

12. The contractor must retrieve a current roster report through VAP on a quarterly basis to ensure the roster is accurate, and immediately correct any discrepancies with the responsible AXP office. The prime contractor is responsible for the accuracy of their subcontractors' rosters as well.

13. Contractor employees subject to the requirements of this clause must take the FAA Security Awareness Virtual Initiative (SAVI) training within 90 days of reporting to work and annually thereafter. This training is available on the FAA's Electronic Learning Management System (eLMS). Contractors without access to eLMS please see <https://my.faa.gov/org/linebusiness/ash/programs/savi.html> for instructions.

14. The prime contractor must contact the CO or COR, and AXP within one business-day in the event an employee (who has been cleared for FAA access by AXP) is arrested (i.e., taken into custody by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the Contractor becomes aware of any information that may raise a question about the suitability of a contractor or subcontractor employee.

15. Failure to submit information required by this clause within the time required may be determined by the CO a material breach of the contract, and may result in suspension or revoked access to FAA assets for the Contractor's employee.

16. If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

17. The contractor agrees to insert terms that conform substantially to the language of this clause, excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under FAA Order 1600.72A do not apply.

(End of Clause)

3.14-4 ACCESS TO FAA FACILITIES, SYSTEMS, GOVERNMENT PROPERTY, AND SENSITIVE UNCLASSIFIED INFORMATION (APR 2021)

1. It may become necessary for the Government to grant access to FAA systems or issue Government property, to include FAA issued ID cards, or sensitive unclassified information (SUI), to contractor employees. Prior to or upon completion or termination of the work under the contract, the contractor must return all such Government property and SUI to the Contracting Officer's Representative (COR).

2. Reserved.

3. Improper use, possession or alteration of Government property is subject to penalties under Title 18, USC 499, 506, 701, and 1030.

4. In the event such Government property or sensitive information is lost, stolen, or not returned, the contractor understands and agrees that the Government may, in addition to any other withholding provision of the contract, withhold the value of the asset for each item of Government property or SUI not returned. If the Government property, to include FAA issued ID cards, or SUI is not returned within 30-calendar-days from the date the withholding action was initiated, any amount so withheld is forfeited by the contractor. Regarding FAA Personally Identifiable Information (PII) contained within portable devices that are lost, stolen, or not returned, the contractor must additionally report such a loss, theft, or non-return within one (1) hour to the FAA Security Operations Center (phone 1(866)-580-1852(Option 1) or email 9-AWA-SOC@faa.gov).

5. Access to aircraft ramp/hangar areas is authorized only to those persons displaying a flight line identification card and for vehicles, with a current ramp permit issued pursuant to Title 49, Part 1542, Code of Federal Regulations.

6. The Government retains the right to inspect inventory, or audit Government property or sensitive information issued to the contractor in connection with the contract and do so at the convenience of the Government. Any items not accounted for, to the satisfaction of the Government, will be assumed to be lost and the provisions of section (4) of this clause apply.

7. All Government property must be approved by the COR who will require the Contractor employee to sign a receipt for each item. Lost or stolen Government property or SUI must immediately be reported concurrently to the Contracting Officer (CO), COR, and the FAA SOC at the telephone number and email address listed under section (4) above.

8. Each Contract employee, during all times of on-site performance at an FAA facility, must prominently display his/her current and valid FAA Personal Identity Verification (PIV) card, or other FAA issued ID card, on the front portion of his/her body between the neck and waist. Each FAA ID cardholder must not affix pins, stickers, or other item to the card.

9. Prior to any contractor employee obtaining a FAA ID Card or other government property, IAW FAA Order 1600.78 the contractor is required to:

a. Enter data for each employee into the VAP as described in AMS clause 3.14-2, Contractor Personnel Suitability Requirements.

b. The Office of Personnel Security (AXP) will determine whether final suitability can be granted due to:

i. Existence of a previous investigation that meets reciprocity requirements, or:

ii. Initiate the contractor applicant into the electronic Questionnaires for Investigations Processing (eQIP) system so that the applicant can complete the investigative forms.

c. Interim suitability cannot be granted until the eQIP form is completed, and fingerprints and signature pages are submitted to AXP.

d. Authorization for the contractor employee to begin work will be an Interim or Final Suitability notification from AXP.

10. To obtain a FAA PIV card, IAW FAA Order 1600.78 Contractor employee must:

a. Submit an identification Card Application (DOT 1681) using the automated system located at <https://idms.faa.gov/1681>. The application must be approved by the CO or COR.

b. The contractor employee will be notified when the identification card application has been approved and is ready for processing by the FAA Identification Card issuer (e.g., PIV Administrator).

c. The contractor must contact AXP to obtain the procedures for obtaining their FAA PIV Card.

11. Off-Boarding. The contractor is responsible for ensuring final off-boarding is accomplished for all departing contractor employees. This includes termination, resignation, retirement, death, change of employment status (i.e.,

transferring from a contractor to a FAA employee), transfer to another FAA contract, and (with CO approval) extended leave of absence. The Contractor may appoint an off-boarding coordinator to oversee the off-boarding process.

a. For each departing employee having access to FAA facilities and/or Information Technology (IT) systems, the Contractor must submit a completely filled out and signed "FAA Contractor Employee Off-Boarding Checklist" (located in FAA Procurement Forms) to the CO no later than thirty (30) calendar days after the employee's departure. The Contractor must ensure that the Checklist confirms that all applicable Government property (including FAA issued ID cards) and sensitive information (including Classified National Security Information (CNSI)) has been collected and access to all FAA assets has been terminated.

b. When the Contractor is not collocated or within local driving distance of the responsible AXP office, the Contractor must collect the Personal Identity Verification (PIV) Card or other FAA issued ID card, and any other tokens and provide to the CO or COR within one (1) business day of receiving the card/tokens from the departing employee.

c. In event that the Contractor employee departs without completing the Checklist, the Contractor is responsible for completing and submitting the Checklist on the employee's behalf. If the departing Contractor employee served as the Property Custodian for the FAA contract, the Contractor must designate a new Property Custodian and ensure accountability of all property under the contract, or within fourteen calendar days with the CO's approval, provide to the CO the results of the associated inventory/property accountability.

d. The designated VAP POC must submit a VAP removal record for the departing employee within twenty-four (24) hours.

e. The Contractor must also comply with any local Employee Off-Boarding Checklists in use at FAA Facilities.

12. All contractors and subcontractor employees with access to FAA systems must have a FAA-issued Personal Identity Verification (PIV) card and must use the PIV card to authenticate to the FAA system. Approved contractor equipment or software in accordance with clause 3.14-13 "Use of Contractor Equipment or Software - Permitted" that connects to FAA systems must be configured to accept and use FAA-issued PIV cards. The contractor must provide the appropriate equipment for the PIV card, while the FAA will furnish and configure the PIV software.

13. The contractor must insert this clause in all subcontracts under the contract.

Clause List

3.1-1 CLAUSES AND PROVISIONS INCORPORATED BY REFERENCE (JUL 2019)

This screening information request (SIR) or contract, as applicable, incorporates by reference the provisions or clauses listed below with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make the full text available, or offerors and contractors may obtain the full text via Internet at: <https://fast.faa.gov/contractclauses.cfm>.

(End of clause)

3.2.2.3-82 PROHIBITION ON CONDUCTING RESTRICTED BUSINESS OPERATIONS IN SUDAN - CERTIFICATION (JUL 2012)

3.2.5-7 DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (OCT 2019)

3.3.1-41 ELECTRONIC INVOICING - REPRESENTATION (JAN 2021)

3.6.3-4 RECYCLED CONTENT PRODUCTS CERTIFICATION (OCT 2016)

3.2.2.3-2 MINIMUM OFFER ACCEPTANCE PERIOD (JUL 2004)

(a) 'Acceptance period,' as used in this provision, means the number of calendar days the FAA (we, us) has to award a contract from the date the SIR specifies for receiving offers.

(b) This provision supersedes any language about the acceptance period appearing elsewhere in this SIR.

(c) We require a minimum acceptance period of 60 calendar days.

(d) The offeror (you) may specify a longer acceptance period than the period shown in paragraph (c). To specify a longer period, fill in the blank: The offeror allows the following acceptance period: _____ calendar days.

(e) We may reject an offer allowing less than the FAA's minimum acceptance period.

(f) You agree to fulfill your offer completely if the FAA accepts your offer in writing within:

(1) The acceptance period stated in paragraph (c) of this provision; or

(2) Any longer acceptance period stated in paragraph (d) of this provision.

(End of provision)

3.2.2.3-81 PROHIBITION AGAINST CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION (OCT 2015)

(a) Definition: "Inverted Domestic Corporation" and "subsidiary" are defined in AMS clause 3.2.2.3-83 "Contracting with Inverted Domestic Corporations."

(b) The FAA is not permitted to use appropriated or otherwise made available funds for contracts with either an inverted domestic corporation or a subsidiary of an inverted domestic corporation unless the requirement is waived in accordance with applicable AMS guidance)

(c) Representation. By submittal of its offer, the offeror represents that it is not an inverted domestic corporation and is not a subsidiary of one.

(End of Provision)

3.2.2.7-7 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (JAN 2018)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that

(i) All representations and certifications as reflected in the System for Award Management (SAM) are current and accurate as of the date the proposal/offer is submitted. The offeror must provide immediate written notice to the Contracting Officer if at any time prior to award the Offeror and/or any of its Principals learns that any certification or representation in SAM was erroneous when this proposal/offer was submitted or has become erroneous by reason of changed circumstances. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are designated as a SDVOSB by the Department of Veterans Affairs, and this designation appears as such on the Veteran Affairs website, <https://www.vip.vetbiz.gov>.

(ii) The Offeror and/or any of its Principals-

(A) Are are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have have not within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public-

(Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property; and

(C) Are are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1) (ii)(B) of this provision.

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples-

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(E) The Offeror has has not within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) 'Principals,' for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions). THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror must provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this SIR. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing must be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this SIR for default.

(End of provision)

3.3.1-35 CERTIFICATION OF REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (AUG 2012)

In accordance with Clause 3.3.1-33, System for Award Management (SAM), offeror certifies that they are registered in the SAM Database and have entered all mandatory information including the DUNS or DUNS+4 Number.

Name: _____

Title: _____

Phone Number: _____

(End of provision)

3.6.2-5 CERTIFICATION OF NONSEGREGATED FACILITIES (MAR 2009)

(a) 'Segregated facilities,' as used in this provision, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin because of habit, local custom, or otherwise.

(b) By the submission of this offer, the offeror certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The offeror agrees that a breach of this certification is a violation of the "Equal Opportunity" clause in the contract.

(c) The offeror further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will--

(1) Obtain identical certifications from proposed subcontractors before the award of subcontracts under which the subcontractor will be subject to the "Equal Opportunity" clause;

(2) Retain the certifications in the files; and

(3) Forward the following notice to the proposed subcontractors (except if the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES

A Certification of Nonsegregated Facilities must be submitted before the award of a subcontract under which the subcontractor will be subject to the "Equal Opportunity" clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

Note: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

(End of provision)

3.9.1-3 PROTEST (JAN 2020)

AS A CONDITION OF SUBMITTING AN OFFER OR RESPONSE TO THIS SIR (OR OTHER SOLICITATION, IF APPROPRIATE), THE OFFEROR OR POTENTIAL OFFEROR AGREES TO BE BOUND BY THE FOLLOWING PROVISIONS RELATING TO PROTESTS:

(a) Protests concerning Federal Aviation Administration Screening Information Requests (SIRs) or awards of contracts shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A protestor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) Offerors initially should attempt to resolve any issues concerning potential protests with the Contracting Officer. The Contracting Officer should make reasonable efforts to answer questions promptly and completely, and, where possible, to resolve concerns or controversies. The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile or if permitted by order of the ODRA, by electronic filing. A protest is considered to be filed on the date it is received by the ODRA during normal business hours. The ODRA's normal business hours are from 8:30 am to 5:00 pm Eastern Time.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(e) A written protest must be filed with the ODRA within the times set forth below, or the protest shall be dismissed as untimely:

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(2) In procurements where proposals are requested, alleged improprieties that do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested not later than the next closing time for receipt of proposals following the incorporation.

(3) For protests other than those related to alleged solicitation improprieties, the protest must be filed on the later of the following two dates:

(i) Not later than seven (7) business days after the date the protester knew or should have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

(1) For filing by hand delivery, courier or other form of in-person delivery:

Office of Dispute Resolution for Acquisition
Federal Aviation Administration
600 Independence Avenue SW., Room 2W100
Washington, DC 20591; or

For filing by U.S. Mail:

Office of Dispute Resolution for Acquisition
Federal Aviation Administration
800 Independence Avenue SW
Washington, DC 20591
[Attention: AGC-70, Wilbur Wright Bldg. Room 2W100]; or

Telephone: (202) 267-3290
Facsimile: (202) 267-3720
Alternate Facsimile: (202) 267-1293; or

(2) Other address as specified in 14 CFR Part 17.

(g) At the same time as filing the protest with the ODRA, the protester shall serve a copy of the protest on the Contracting Officer and any other official designated in the SIR for receipt of protests by means reasonably calculated to be received by the Contracting Officer on the same day as it is to be received by the ODRA. The protest shall include a signed statement from the protester, certifying to the ODRA the manner of service, date, and time when a copy of the protest was served on the Contracting Officer and other designated official(s).

(h) Additional information and guidance about the ODRA dispute resolution process for protests can be found on the ODRA Website at <http://www.faa.gov>.

Section M - Evaluation Factors for Award

Clause List

M.1 BASIS FOR AWARD

A Firm-Fixed Price (FFP) contract will be awarded the Offeror based on the following: Business Proposal (Factor 1), Technical Proposal (Factor 2) and Past Performance Questionnaire (Factor 3) are rated Acceptable and is the lowest total price that is determined to be fair and reasonable. The FAA reserves the right to award a contract immediately following the conclusion of all the evaluations, and is not required to conduct discussions or negotiations with the successful Offeror or any other Offeror. In evaluating the offers, the FAA may conduct written or oral communications with any and/or all Offerors, and may reduce the Offerors participating in the competition to only those Offerors most likely to receive award. The FAA reserves the right to conduct discussions and negotiations with any individual competing Offeror, or all competing Offerors, as the situation warrants. Discussions with one or more Offerors does not require discussions with all Offerors. To be eligible for award, the Offeror must meet all the requirements of this RFP/SIR. The FAA reserves the right to reject any and all offers, waive any requirements, minor irregularities and discrepancies, if it is the best interest of the FAA.

M.2 INFORMATION AND CONSIDERATIONS AFFECTING VENDOR SUBMISSIONS

This acquisition must employ best practices and procedures for competitive negotiated procurements as authorized by the Federal Aviation Administration Acquisition Management System (AMS). All Offerors will be screened to determine if they are in compliance with the Section L of this Screening Information Request (SIR). The FAA reserves the right to reject, as nonresponsive, any submitted offer if these instructions are not followed or if the Offeror does not clearly demonstrate understanding of the requirements of the SIR.

Additional information may be requested from Offerors. The information may clarify, correct, or supplement but not change the offer as submitted. The FAA reserves the right to award a contract based on initial offers received without discussions or negotiations.

FACTOR 1: BUSINESS PROPOSAL

Rating Description

Acceptable – The proposal includes all required submittals listed in Section L under Factor 1, and the FAA determines the submittals to be accurate, complete and meet all requirements of the SIR.

Unacceptable – The proposal does NOT include all required submittals listed in Section L under Factor 1 and/or the FAA determines the submittals NOT to be accurate and/or complete and does not meet all the requirements of the SIR.

FACTOR 2: TECHNICAL PROPOSAL

Rating Description

Acceptable – The proposal includes all required submittals listed in Section L: Factor 2, and the FAA determines the submittals to be accurate, complete and meet all requirements of the SIR.

Unacceptable – The proposal does NOT include all required submittals listed in Section L: Factor 2 and/or the FAA determines the submittals NOT to be accurate and/or complete or meet the requirements of the SIR.

FACTOR 3: PAST PERFORMANCE

Rating Description

Acceptable – Offeror submitted at least one (1) project of similar size and scope, completed within the last five years, with a minimum rating of "Satisfactory" for each category as the prime contractor.

Unacceptable – Offeror did not submit at least one (1) project of similar size and/or scope, project was not completed within the last five years and/or did not contain a minimum rating of "Satisfactory" for each category as the prime contractor.

Price will be evaluated for reasonableness through the use of price analysis. Submission of unrealistically low or high prices may cause the proposal to be eliminated from consideration for award. When determining price reasonableness, the Government reserves the right to compare the Offeror's proposed prices to the Independent Government Cost Estimate, to published catalog or market prices, to prior prices paid for the same or similar items and services, or as compared to any other sources. If deemed necessary, a supplemental price breakdown may be requested in order to assist the Government in performing the price evaluations outlined above.
